| Course enrolment requirements and entry competences required for the course | - Nursin - Proces - Clinica Passed | working with patients in a group (group therapy). Passed courses of the 1st year: - Nursing Care - Process of Nursing care - Clinical Skills I Passed course of the 2nd year: - Clinical skills II | | | | | | | | |
| Learning outcomes expected at the level of the course (4 to 10 learning outcomes) | 1. | After completing the course and passing the exam, students will be able to: 1. Define and apply the basic rules and procedures of surgical asepsis - clothing, footwear, space, instruments; 2. Perform preoperative preparation of patients: - analyze the preoperative psychological preparation of patients - stress inoculation; - perform the preoperative physical preparation of patients - preparation of the surgical field, preparation of the gastrointestinal tract; - prepare and report premedication; - monitor and manage preoperative nursing documentation; | | | | | | | | |

- define the difference between total, partial and enteral nutrition indications, preparation of necessary supplies and materials and perform
 knowing possible complications;
- Perform the nursing care of a neurosurgical patient mechanical ventilation, monitoring of intracranial pressure;
- explain the rules for positioning the neurosurgical patient in bed;
- 4. Perform postoperative patient nursing care:
 - monitor and document the patient's postoperative condition, vital signs: blood pressure, pulse, respiration, temperature, pain;
 - recognize postoperative complications bleeding, hypovolemic shock, dehiscence and disruption of the surgical wound, surgical wound infection, paralytic ileus, deep vein thrombosis, pulmonary embolism;
 - recognize and treat postoperative difficulties pain, nausea, vomiting, flatulence, hiccups;
 - check the condition and functioning of the chest drain monitoring, Bulau, negative pressure, fluid balance - monitoring and documentation, prevention of complications;
 - observe the process of wound healing and assist in dressing the surgical wound;
 - recognize the symptoms and signs of surgical wound infection: fever, pain, discharge, redness;
 - perform the nursing care of patients with stoma urostoma, ileostomy, colostomy, tracheostomy: preparation of patients and accessories, implementation;
- 5. Assess and monitor the success of preoperative, intraoperative, and postoperative nursing care:
 - Plan procedures in specific areas of surgical nursing care, apply them, and evaluate their success;
 - Perform patient education;
- 6. To provide nursing care for a psychiatric patient:
 - describe the symptoms of specific mental disorders;
 - identify possible risk factors;
 - select appropriate interventions to meet basic needs;
 - assess the patient's condition and possible manipulations (simulation/dissimulation);
 - list therapeutic directions and methods for the treatment of mentally ill patients;
 - list and explain the types of psychotropic drugs;
 - identify possible side effects of psychopharmacotherapy;
 - apply mental status assessment scales;
 - prepare the patient for electroconvulsive stimulation;
 - design work in a small group, large group, and therapeutic community setting;
 - develop a plan for counseling the patient and family;
 - plan targeted care interventions for addicted patients;
 - demonstrate protective measures in the event of aggressive behavior;
 - identify and analyze symptoms and conditions that may indicate suicidal behavior;
 - select interventions for patient rehabilitation and resocialization;
- 7. Organize the continuation of nursing care of patients in the community;
- 8. Provide nursing care for elderly patients;
- 9. Provide nursing care for people with disabilities;
- 10. Provide palliative nursing care.

| Professional and research projects from the field of the course carried out in the last five years (max 5 references) | Coordinator: 1. Institutional project of the University Department of Health Studies "Promoting health literacy in children and youth". PromoLit (SOZS-IP-2020-2). Project participant: 1. Project of the Croatian Science Foundation (HRZZ IP-2014-09-7672) "Professionalism in health care" "Class: 003-08 / 11-03 / 0005, Reg. No .: 2181-198-03-04 / 10-11 And Class: 003-08 / 13-03 / 0003, Reg. No .: 2181-198-03-04-13-0038). Project manager prof. dr. sc. Ana Marušić. 2. Erasmus + Project "Evidence Implementation in Clinical Practice" EICP (2020-I-DE0I-KA203-005669). Project manager doc. dr. sc. Tina Poklepović Peričić. |
| Within which program and to what extent did the course teacher acquire methodological, psychological, didactic and pedagogical competencies? | Passed courses at the Graduate Study of Nursing: Pedagogy, Methodology and Didactics, Health Psychology, Communication Skills Completed training program "Training of mentor educators" organized by the Ministry of Health of the Republic of Croatia within the Twinning project "Training of mentors for nurses and midwives in the health system in the Republic of Croatia and the implementation of educational curriculum in line with Directive 2005/36 / EC" (2018). Acquisition of knowledge on the application of projects in personal and professional development, teaching and scientific research; possibilities of applying other models of innovative learning and teaching in health education. Completed the continuing education course "Communication and Pedagogical Skills for Clinical Mentors" organised by the "Alumni" Association of Students of the University Department of Health Studies, University of Split (2020). Acquired knowledge of communication skills in working with students; basic skills of leading a small group and working in a team; planning, implementing and evaluating curricula and the mentoring process. |
| PRIZES AND AWARDS | |
| Prizes and awards for teaching and research | Acknowledgment of the University Department of Health Studies for personal contribution to the publication of textbooks for children "Book of good health decisions: how to think about treatment", textbook on health for children in primary school and overall contribution to the work of the University Department of Health Studies |

|---|---|
| extent did the course teacher acquire methodological, psychological, didactic and pedagogical competencies? | doctor, and as a teacher from 1978 until today. During that time I have been the editor, co-editor, author and/or co-author of 30 books. I published over 250 scientific and professional articles, several studies, expertise, over 1000 forensic examinations (over 500 were written independently or in an expert team), moving up from the position of the assistant to the tenured full professor in 2004. From 2005 to 2009 I was Dean of the School of Medicine, University of Split for two terms, and from 2011 until today I have been, with a short break, the Head of the UDHS. I was a Deputy Head of the Clinical Institute of Radiology, University Hospital of Split for 12 years, and the Head of the Clinical Institute for over 18 years. I was a member and/or head of several governing councils in Split and the Republic of Croatia and a member of the ASHE team for re-accreditation. I was a member of the National Council for Higher Education and the National Council for Health of the Republic of Croatia. Since 2004 I have been the Head of the Commission for professional conferences and associations, and promotion of science of the Ministry of Science, Education and Sports, Croatia. I received the European diploma in neuroradiology (ECONR) in 2013. I am included in the bok of the most prominent Croatian doctors, and in the millennium edition of Who is Who in the world (Marquis 2000). I was a military volunteer from April 1, 1991 to June 30, 1996. Now I am a member of the Association of Croatian Homeland War volunteer doctors, and a member of the Association of Croatian Homeland War volunteer doctors, and a member of the Association of Croatian Homeland War Veterans of the 158. brigade and 6. DP Split and president of the Military Veterans Court of Honour. |
| PRIZES AND AWARDS | |
| Prizes and awards for teaching and research | Split-Dalmatia County award "for significant personal contribution to the development of health care in our county through the development of diagnostic radiology at University Hospital of Split" in 2001. Croatian Medical Association Memorial Award (1997) for "participation in the war", Croatian Medical Association Charter (2003) "in recognition of outstanding contribution to the Association, medical science and health care in the Republic of Croatia" in 2008 Diploma Croatian Medical Association. In April 2004 a Certificate of Appreciation "for the contribution in raising standards of the University Hospital Centre Split" |

- Certificate of Appreciation of the Croatian Society of Radiology "for help and support in all areas of activity."
- In 2006 an annual national award for promotion and popularization of science in the Republic of Croatia,
- in 2008 the highest award of the Croatian Medical Association Ladislav Rakovac Award "for achievements in the development of health, medical thought and science, and in particular for the effective work in the Association."
- In 2009 the annual award of the Croatian Anthropological Society, The "Dragutin Gorjanović Kramberger" for outstanding contribution to the development of science and anthropology in the Republic of Croatia
- Diploma of the Croatian Medical Association on the occasion of the 135th anniversary"for outstanding contribution to cherishing honourable tradition of the Croatian Medical Association, medical science and health care in Republic of Croatia"
- As the lead author and editor of the best university textbook"- Dental radiography and radiology" the Certificate of Appreciation on the occasion of the School of Medicine Day in 2010
- In 2014 "as the author of the best university textbook at the School of Medicine in Split in the academic year 2012/2013" (Clinical neuroradiology of the spine and spinal cord) the Certificate of Appreciation and Recognition "for continuous and rich publishing activity in the field of radiology".
- A military volunteer from April 1, 1991 to June 30, 1996, when demobilized with the rank of reserve major of medical profession. For contribution to the defence of the homeland and patriotic merits in the war I was awarded the Commemorative Medal of the Homeland War 1990 1992, Medal for Participation in Operation "Storm", Commemorative Medal of the Homeland's Gratitude, and the Order of the Croatian Trefoil, special Certificate of Appreciation from General Ante Gotovina for contribution in the winning operation "Storm", and the Order of Ban Jelačić in March 2013.
- In 1985 the "Medal of Merit".
- In 2021 University of Split award for contribution to the development and promotion of the University of Split.
